

Yield Enhancement Network Regional events 2017

AHDB Cereals & Oilseeds Monitor Farms and ADAS Yield Enhancement Network (YEN) are hosting regional events to connect farmers, agronomists, organisations and scientists to develop innovative approaches to improving crop yields.

These regional meetings are an opportunity to develop management strategies for achieving the highest yield potential.

Region	Date	Email
1. South East Sittingbourne, Kent	09.02.17	paul.hill@ahdb.org.uk
